NUMBER.	NAMES OF PARTIES.	VOL.	PAGE.	YEAR.	DATE.

Note. The Sixteen Volumes of Mexican Archives now in the County Recorders office of Monterey County, are the remains of the old Spanish and Mexican Government papers which were deposited in Monterey from the year 1770 to the 7th day of July 1846, and from this last date, other papers of the American judicial and Government officers accumulated until the Courts under the State went into operation, when the old archives were laid aside in the Recorders office.

In the year 1847, the papers connected with the Lands Claims of California, were seperated by order of Govr. R. B. Mason, from the other Government papers and from those of the Municipality of Monterey and placed in charge of Mr. Wm. E. P. Hartnell, Government Translator and continued in his charge until ordered to Benicia by Genl. Persifer F. Smith in 1850. These Land Claim papers were afterwards delivered to the United States Surveyor General of California prior to the passage of the Act of Congress of 3d March 1851 to ascertain and settle the Private Land Claims of this State and have remained in his possession since.

At the time the Land Claim papers were sent from Monterey, the most of the other papers relating strictly to Government affairs were sent along with them and are now existing in the Surveyor Generals office also.

An act of the Legislature of California approved 1st of May 1851 authorized the Secretary of State to take such papers as remained in the Archives of Monterey County as were of general importance and deposit them in his office at the State Capital. In compliance with this Act the old Archives were reduced to a comparatively small number, and remained in the Recorders office without further change until 1858.

SYNOPSIS OF PAPER.

By a resolution of the Legislature of April 16th 1858 authority was given to the United States Surveyor General of California to take such old Spanish and Mexican papers existing in Monterey and Sacramento as in his judgement were of use to the United States Government. Under this power the remaining Archives of Monterey as well as those of Los Angeles, and those in the State Library at Sacramento under the charge of the Secretary of State, were received by J.W. Mandeville, the Surveyor General, and by him were sorted, arranged and bound in Seperate Volumes. Those papers remaining in the U.S. Military Post at Benicia were also taken by Mr. Mandeville and deposited with the others in his Office.

Such of the Monterey Archives, which were all in Manuscript, with but few exceptions, which were of use to the U.S. Government were retained in the Surveyor Generals office where it is understood, there are now existing as many as over one hundred Volumes of Archives dating from 1770 to the 7th of July 1846 - that is from the first settlement of the Country to the Occupation of California by the Americans.

The Sixteen Volumes now remaining in the County Recorders office, are those returned by the Surveyor General to Monterey as properly belonging to this County and City, and consist of Sixteen Volumes, the first five Volumes of which are on Criminal affairs, and the succeeding eleven Volumes are on Civil and mixed affairs. The present Index is made for the Eleven volumes from Vol. six to Sixteen inclusive.

A great many, both of the Municipal and the Government papers were lost and destroyed during the revolutions of the Country prior to 1846, and since then many others have been lost from the frequency of removals and changes. During the Summer of 1845, Governor Pio Pico had the archives removed to Los Angeles, from whence they were brought back to Monterey by the Americans.

Alex. S. Taylor
